

Celebrating our Second Birthday as The Lantau Group

Our name signals our business focus in the Asia Pacific region

Lantau Peak, on Lantau Island in Hong Kong, is also known as Chinese Phoenix Mountain, aptly reflecting the importance of reinventing the energy sector to meet the tough new challenges of rising costs, environmental sustainability, energy security, technology, competition and globalisation

Around the region

Since our founding, we've advised clients throughout the region in the areas of commercial valuation, economic regulation, business strategy, competition and disputes. Some examples from 2012 are highlighted below.

Commercial

- Valuing and developing electricity and gas opportunities throughout the region
- Evaluating energy efficiency opportunities in a part of China
- Developing new IPPA arrangements in the Philippines

Strategic

- Assessing energy cost drivers for global manufacturers invested throughout the Asia Pacific region
- Evaluating impact of transmission system performance on investment opportunities in China
- Advising on ways to improve distribution sector efficiency
- Business strategies for managing regulatory risk

Regulatory

- Advising on capacity markets
- Reviewing performance of a balancing market
- Advising on nuclear sector performance

Policy

- Developing new approaches to evaluating energy policy
- Helping clients understand natural gas market development drivers
